New best practice manuals for asparagus weeds, boxthorn and water hyacinth

Best Practice Manual

Water Hyacinth Control Modules

This document is available in its entirety or can be downloaded in smaller sections to make it more accessible for slower internet connections.

[Entire document - 1 file \(pdf - 22,655 KB\)](#)

[Introductory pages \(pdf - 1,743 KB\)](#)

[Module 1. The water hyacinth profile \(pdf - 5,557 KB\)](#)

[Module 2. Management considerations for water hyacinth \(pdf - 3,916 KB\)](#)

[Module 3. Chemical control options \(pdf - 3,818 KB\)](#)

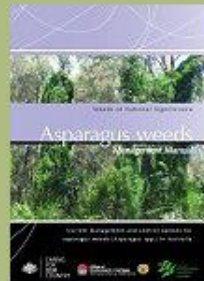

[Module 4. Physical control options \(pdf - 4,832 KB\)](#)

[Module 5. Biological control \(pdf - 2,299 KB\)](#)

[Module 6. Integrated control options \(pdf - 3,191 KB\)](#)

Asparagus Weeds Best Practice Management Manual

This document is available in its entirety, or as eight files which can be downloaded in sections, to make it more accessible for slower internet connections.

[Entire manual - 1 file \(pdf - 28,001KB\)](#)

[Introductory pages \(pdf - 2,946KB\)](#)

[Section 1. Biology and Threat \(pdf - 7,492KB\)](#)

[Section 2. Planning and Pre-control Considerations \(pdf - 3,160KB\)](#)

[Section 3. Control Methods \(pdf - 5,491KB\)](#)

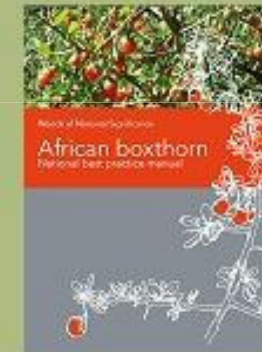

[Section 4. Holistic Management of Invasive Vines and Scramblers \(pdf - 2,997KB\)](#)

[Section 5. Follow-up, Restoration and Management \(pdf - 2,997KB\)](#)

[Section 6. Case Studies: First Hand Experiences in Managing Different Asparagus Weeds \(pdf - 4,171KB\)](#)

[Section 7. Further Information \(pdf - 2,871KB\)](#)

Asparagus weeds except *A. officinalis* and *A. racemosus*

WoNS Asparagus species include *A. aethiopicus*, *A. africanus*, *A. asparagoides*, *A. declinatus*, *A. plumosus* and *A. scandens*.

Identification

[Click here to view a video on control and impacts of seven asparagus weeds](#), and details on the native asparagus. Or select links below to videos for each species.

Ground asparagus
(*A. aethiopicus*)

[id and control video of *A. aethiopicus*](#)
(External link - You Tube)

[herbicide treatment of *A. aethiopicus*](#)
(External link - You Tube)

Climbing asparagus
(*A. africanus*)

[id and control video of *A. africanus*](#)
(External link - You Tube)

Western Cape
bridal creeper
(*A. asparagoides*
Western Cape form)

[id and control video of *A. asparagoides*](#)
(External link - You Tube)

Bridal veil
(*A. declinatus*)

[id and control video of *A. declinatus*](#)
(External link - You Tube)

Climbing asparagus fern
(*A. plumosus*)

[id and control video of *A. plumosus*](#)
(External link - You Tube)

Asparagus fern
(*A. scandens*)

[id and control video of *A. scandens*](#)
(External link - You Tube)

Asparagus falcatus ('sicklethorn') is a new and emerging asparagus weed in Australia.

[id and control video of *A. falcatus*](#)
(External link - You Tube)
