Dear Anthony,

Following on from our meeting last week, I have put together some information regarding the revision and printing of the Garden Escapes booklet that we adapted from the then Great Lakes Council's 2009 version. We last reprinted it in 2012 and as you would appreciate it is in need of a revision mainly due to the change in legislation.

We are also taking this opportunity to consult our 32 members organisation about the content and will hopefully have a print-ready revision by the end of June.

Any support from Greater Sydney Local Land Services covering printing, design and distribution costs would be very much appreciated. We are anticipating that the printing will cost around \$2 per booklet. This estimate has been arrived at from two sources (please see attached emails and quotes). Based on the quote from Arrow printing, we anticipate that we could get a better price for a greater number of books. This however depends on the best binding method, which depends on the number of additional species (pages) we end up with.

If we aim to provide 200 booklets to each member organisation, that comes to 6,400 booklets, if we add 3000 for LLS as requested, then for 9,400 the printing costs would be around \$18,800. An estimate for design and distribution is \$1000, so all up about \$19,800 would cover these costs.

Please let me know if you require any further information.

Yours sincerely

Hi Terry,
I am getting some quotes together for how much it might cost us to get our garden escapes booklets printed. Did you get your 2015 version printed? If so, can you give me the name of the printer? What sort of software did you use to create the layout and graphics?

Regards
Amanda
